

UCAS Progress Information Evening

October 2016

UCAS
Progress

To date...

- Information Assemblies from each of the main providers
- Presentation Evening from the main providers and opportunity to discuss with representatives from the different institutions
- Open Days and Evenings that have been running this half term
- Opportunities to think about '*what am I going to do in the future?*'

- Now it is time to start making decisions

Main Facts

- Your child will receive login details from us as a school
- Your child will be able to log on at home; at lunchtime in school or in after-school homework club
- Your child will apply for courses via this system if they are registered on UCAS progress – some providers will require you to apply directly to them – please check!
- We would like all applications to be ready for submission by Christmas at the latest
- We will take your child through the steps I am doing tonight via assemblies and PSHCE
- Your child will need to do some of this in their own time between now and the end of December

Purpose of tonight...

- To take you through UCAS progress step-by-step – so you are able to support your child with their application
- To give individuals opportunities to ask questions at the end of the session

And

- Reduce the panic!
