

Year 9 Scheme of Work Details

Scheme 1

This sets out the details of what you should study each term. Do bear in mind that your teacher may choose to mix these topics up or change how long they spend on topics in order to make sure that you understand everything as fully as you need to.

Term 1 (September to Christmas)	Term 2 (Christmas to Easter)	Term 3 (Easter to Summer)
<ul style="list-style-type: none">• Number 1 – Fractions, ratio and proportion.• Algebra 1 - Sequences.• Geometry & Measures 1 – Circles.• Algebra 2 – Expressions, Equations and formulae.	<ul style="list-style-type: none">• Statistics 1 – Averages.• Geometry & Measures 2 – Transformations.• Number 2 - Decimals and Percentages• Algebra 3 - Straight line graphs, Inequalities.	<ul style="list-style-type: none">• Statistics 2 – Probability.• Geometry & Measures 3 – Angles and Pythagoras.• Statistics 3 - Representing Data.• Number 3 – Calculation, Accuracy, Estimation.• Geometry & Measures 4 – Area and Volume.

Your teacher will be able to tell you whether you are following Scheme 1 or Scheme 2.

Year 9 Scheme of Work Details

Scheme 2

This sets out the details of what you should study each term. Do bear in mind that your teacher may choose to mix these topics up or change how long they spend on topics in order to make sure that you understand everything as fully as you need to.

Term 1 (September to Christmas)	Term 2 (Christmas to Easter)	Term 3 (Easter to Summer)
<ul style="list-style-type: none">• Algebra 1 - Sequences.• Geometry & Measures 1 – Circles, Constructions and Loci.• Number 1 – Fractions, ratio and proportion.• Algebra 2 – Manipulating expressions, equations and formulae.	<ul style="list-style-type: none">• Statistics 1 – Averages and spread• Geometry & Measures 2 – Transformations, Congruence and Similarity• Number 2 - Percentages• Algebra 3 - Straight line graphs, simultaneous equations, Inequalities.	<ul style="list-style-type: none">• Statistics 2 – Probability.• Geometry & Measures 3 – Pythagoras and Trigonometry.• Statistics 3 - Sampling and Representing Data.• Number 3 – Accuracy, Estimation, Indices.• Geometry & Measures 4 – Volume, Dimensions and Units.

Your teacher will be able to tell you whether you are following Scheme 1 or Scheme 2.
