

Updated Maths revision details

In the final few months before GCSE exams we are aware that pupils may struggle to access appropriate revision resources. There is some useful information and material in our booklet "GCSE Maths: A guide of pupils and parents." We have also collated some extra links of websites that will allow pupils to access suitable revision material; these are listed below:

PiXL Maths app – Downloadable from App stores, or usable online at <https://mathsapp.pixl.org.uk/PMA.html> pupils will need their login details, which their maths teacher can give them.

MathsGenie – site is <https://www.mathsgenie.co.uk/gcse.html> has revision links, exam questions and past papers.

Maths 4 Everyone – site is <http://maths4everyone.com/> multiple revision materials and resources.

DrFrostMaths – site is <http://www.dr frostmaths.com/resources/page.php?id=18> and contains exam questions on certain topics

OnMaths.com – site is <https://www.onmaths.com/> and contains free sign-up revision materials.

CrashMaths – site is <https://crashmaths.com/> and contains practice papers and other resources.

Corbett Maths 5 a day – site is <https://corbettmaths.com/5-a-day/gcse/> is recommended for pupils to do 10 day, either Numeracy & Foundation (set 6, maybe set 5), Foundation & Foundation Plus (set 4 and set 5), Foundation Plus and Higher (set 3), Higher & Higher Plus (sets 2 and 1).
