- 9.3 If the DPIA reveals any potential security risks or other data protection issues, the college will ensure they have provisions in place to overcome these issues.
- 9.4 The college will ensure that the installation of the surveillance and CCTV systems will always justify its means.
- 9.5 If the use of a surveillance and CCTV system is too privacy intrusive, the college will seek alternative provision.

10. Retention – exceptional circumstances

- 10.1 Where retention is needed beyond the standard retention period, video files may be exported by one of the staff members detailed above and stored in a specified location on the network. Files in this area:
 - are only accessible by individuals documented within this policy
 - must be logged using the supplied spreadsheet including date exported, and date to be deleted
 - should be removed as soon as no longer required.

- 11.3 All surveillance footage will be kept in line with the indicated retention periods above for security purposes; the principal and the data controller are responsible for keeping the records secure and allowing access.
- 11.4 The college has a surveillance system for the purpose of the prevention and detection of crime and the promotion of the health, safety and welfare of staff, pupils and visitors. The surveillance and CCTV system is owned by the college and images from the system are strictly controlled and monitored by authorised personnel only.

12. Access

- 12.1 Under the UK GDPR, individuals have the right to obtain confirmation that their personal information is being processed.
- 12.2 All disks containing images belong to, and remain the property of, the college. Individuals have the right to submit a SAR to gain access to their personal data in order to verify the lawfulness of the processing. The college will verify the identity of the person making the request before any information is supplied.
- 12.3 A copy of the information will be supplied to the individual free of charge; however, the college may impose a 'reasonable fee' to comply with requests for further copies of the same information.
- 12.4 Where a SAR has been made electronically, the information will be provided in a commonly used electronic format. Requests by persons outside the college for viewing or copying disks, or obtaining digital recordings, will be assessed by the principal, who will consult the DPO, on a case-by-case basis with close regard to data protection and freedom of information legislation.
- 12.5 Where a request is manifestly unfounded, excessive or repetitive, a reasonable fee will be charged. All fees will be based on the administrative cost of providing the information. All requests will be responded to without delay and at the latest, within one month of receipt.

It is important that access to, and disclosure of, the images recorded by surveillance and CCTV footage is restricted and carefully controlled, not only to ensure that the rights of individuals are preserved, but also to ensure that the chain of evidence remains intact, should the images be required for evidential purposes.
