Dear Parent/Carer

## **Re: Respect Drive**

We have had a great start to the New Year with many pupils demonstrating respect to our school, which was the first respect challenge of 2019. The Compassion Committee has been busy, giving out acts of kindness to those pupils who go above and beyond in showing respect to their school, for instance by keeping the school tidy at break and lunchtime and/or volunteering to take part in litter picking.

We would like to build on this success and set the pupils another respect challenge for the next fortnight:

### ***Treat everyone at school with kindness and respect***

This challenge will involve a two-week drive on engaging the whole school community in demonstrating respect towards ourselves and one another. Pupils will be informed of the challenge through form time and assemblies.

If you have any questions regarding the respect drive, please do not hesitate to contact me at the school.

Yours sincerely

Mrs Amanda McKenzie  
Acting Assistant Principal
