

January 2019

Dear Parent/Carer

Re: Brockington's New Year Resolution

At the beginning of the new academic year, pupils began spending time each morning during assemblies and in form time completing activities linked to demonstrating 'respect' to themselves and others. As it is the beginning of a brand new year, we thought we would take the opportunity in launching a Brockington 2019 New Year's Resolution linked to 'respect'.

Our New Year's Resolution will focus on 'Respecting our School'. This will involve a two-week drive on engaging the whole school community in demonstrating respect towards the school building, including putting litter in bins at break and lunchtimes, tidying up after lessons by putting equipment away and chairs under tables, keeping lockers and locker areas tidy and treating the school building in a respectful manner. This is also an opportunity for us all to show respect to ourselves and to one another.

Pupils will be informed of the New Year's Resolution during Spiritual Reflection time within form time this week.

If you have any questions regarding these arrangements, please do not hesitate to contact me at the school.

Yours sincerely

Mrs Amanda McKenzie
Acting Assistant Principal
