

Brockington Mathematic Department Year 7

Y7	Positive Integer Arithmetic	Measures	Properties of Integers	Shape Properties	Place Value & Decimals	Negative Arithmetic	Fractions	Data Representation
BC9	Scores 90%+ on the integer arithmetic assessment.	Scores 90%+ on the measures assessment.	Scores 90%+ on the properties of integers assessment.	Scores 90%+ on the shape properties assessment.	Scores 90%+ on the place value and decimals assessment.	Scores 90%+ on the negative arithmetic assessment.	Scores 90%+ on the fractions assessment.	Scores 90%+ on the data representation assessment.
BC8	Scores 80%+ on the integer arithmetic assessment.	Scores 80%+ on the measures assessment.	Scores 80%+ on the properties of integers assessment.	Scores 80%+ on the shape properties assessment.	Scores 80%+ on the place value and decimals assessment.	Scores 80%+ on the negative arithmetic assessment.	Scores 80%+ on the fractions assessment.	Scores 80%+ on the data representation assessment.
BC7	Scores 70%+ on the integer arithmetic assessment.	Scores 70%+ on the measures assessment.	Scores 70%+ on the properties of integers assessment.	Scores 70%+ on the shape properties assessment.	Scores 70%+ on the place value and decimals assessment.	Scores 70%+ on the negative arithmetic assessment.	Scores 70%+ on the fractions assessment.	Scores 70%+ on the data representation assessment.
BC6	Scores 60%+ on the integer arithmetic assessment.	Scores 60%+ on the measures assessment.	Scores 60%+ on the properties of integers assessment.	Scores 60%+ on the shape properties assessment.	Scores 60%+ on the place value and decimals assessment.	Scores 60%+ on the negative arithmetic assessment.	Scores 60%+ on the fractions assessment.	Scores 60%+ on the data representation assessment.
BC5	Scores 50%+ on the integer arithmetic assessment.	Scores 50%+ on the measures assessment.	Scores 50%+ on the properties of integers assessment.	Scores 50%+ on the shape properties assessment.	Scores 50%+ on the place value and decimals assessment.	Scores 50%+ on the negative arithmetic assessment.	Scores 50%+ on the fractions assessment.	Scores 50%+ on the data representation assessment.
BC4	Scores 40%+ on the integer arithmetic assessment.	Scores 40%+ on the measures assessment.	Scores 40%+ on the properties of integers assessment.	Scores 40%+ on the shape properties assessment.	Scores 40%+ on the place value and decimals assessment.	Scores 40%+ on the negative arithmetic assessment.	Scores 40%+ on the fractions assessment.	Scores 40%+ on the data representation assessment.
BC3	Scores 30%+ on the integer arithmetic assessment.	Scores 30%+ on the measures assessment.	Scores 30%+ on the properties of integers assessment.	Scores 30%+ on the shape properties assessment.	Scores 30%+ on the place value and decimals assessment.	Scores 30%+ on the negative arithmetic assessment.	Scores 30%+ on the fractions assessment.	Scores 30%+ on the data representation assessment.
BC2	Scores 20%+ on the integer arithmetic assessment.	Scores 20%+ on the measures assessment.	Scores 20%+ on the properties of integers assessment.	Scores 20%+ on the shape properties assessment.	Scores 20%+ on the place value and decimals assessment.	Scores 20%+ on the negative arithmetic assessment.	Scores 20%+ on the fractions assessment.	Scores 20%+ on the data representation assessment.

BC1	Scores 10%+ on the integer arithmetic assessment.	Scores 10%+ on the measures assessment.	Scores 10%+ on the properties of integers assessment.	Scores 10%+ on the shape properties assessment.	Scores 10%+ on the place value and decimals assessment.	Scores 10%+ on the negative arithmetic assessment.	Scores 10%+ on the fractions assessment.	Scores 10%+ on the data representation assessment.

Brockington Mathematic Department Year 8

Y8	Fractions and Decimals	Angle Calculations	Expressions	Shape Calculations	Factors & Algebra	Proportional Reasoning	Equations	Formulae and Graphs
BC9	Scores 90%+ on the fractions and decimals assessment.	Scores 90%+ on the angle calculations assessment.	Scores 90%+ on the expressions assessment.	Scores 90%+ on the shape calculations assessment.	Scores 90%+ on the factors & algebra assessment.	Scores 90%+ on the proportional reasoning assessment.	Scores 90%+ on the equations assessment.	Scores 90%+ on the formulae & graphs assessment.
BC8	Scores 80%+ on the fractions and decimals assessment.	Scores 80%+ on the angle calculations assessment.	Scores 80%+ on the expressions assessment.	Scores 80%+ on the shape calculations assessment.	Scores 80%+ on the factors & algebra assessment.	Scores 80%+ on the proportional reasoning assessment.	Scores 80%+ on the equations assessment.	Scores 80%+ on the formulae & graphs assessment.
BC7	Scores 70%+ on the fractions and decimals assessment.	Scores 70%+ on the angle calculations assessment.	Scores 70%+ on the expressions assessment.	Scores 70%+ on the shape calculations assessment.	Scores 70%+ on the factors & algebra assessment.	Scores 70%+ on the proportional reasoning assessment.	Scores 70%+ on the equations assessment.	Scores 70%+ on the formulae & graphs assessment.
BC6	Scores 60%+ on the fractions and decimals assessment.	Scores 60%+ on the angle calculations assessment.	Scores 60%+ on the expressions assessment.	Scores 60%+ on the shape calculations assessment.	Scores 60%+ on the factors & algebra assessment.	Scores 60%+ on the proportional reasoning assessment.	Scores 60%+ on the equations assessment.	Scores 60%+ on the formulae & graphs assessment.
BC5	Scores 50%+ on the fractions and decimals assessment.	Scores 50%+ on the angle calculations assessment.	Scores 50%+ on the expressions assessment.	Scores 50%+ on the shape calculations assessment.	Scores 50%+ on the factors & algebra assessment.	Scores 50%+ on the proportional reasoning assessment.	Scores 50%+ on the equations assessment.	Scores 50%+ on the formulae & graphs assessment.
BC4	Scores 40%+ on the fractions and decimals assessment.	Scores 40%+ on the angle calculations assessment.	Scores 40%+ on the expressions assessment.	Scores 40%+ on the shape calculations assessment.	Scores 40%+ on the factors & algebra assessment.	Scores 40%+ on the proportional reasoning assessment.	Scores 40%+ on the equations assessment.	Scores 40%+ on the formulae & graphs assessment.
BC3	Scores 30%+ on the fractions and decimals assessment.	Scores 30%+ on the angle calculations assessment.	Scores 30%+ on the expressions assessment.	Scores 30%+ on the shape calculations assessment.	Scores 30%+ on the factors & algebra assessment.	Scores 30%+ on the proportional reasoning assessment.	Scores 30%+ on the equations assessment.	Scores 30%+ on the formulae & graphs assessment.
BC2	Scores 20%+ on the fractions and decimals assessment.	Scores 20%+ on the angle calculations assessment.	Scores 20%+ on the expressions assessment.	Scores 20%+ on the shape calculations assessment.	Scores 20%+ on the factors & algebra assessment.	Scores 20%+ on the proportional reasoning assessment.	Scores 20%+ on the equations assessment.	Scores 20%+ on the formulae & graphs assessment.

BC1	Scores 10%+ on the fractions and decimals assessment.	Scores 10%+ on the angle calculations assessment.	Scores 10%+ on the expressions assessment.	Scores 10%+ on the shape calculations assessment.	Scores 10%+ on the factors & algebra assessment.	Scores 10%+ on the proportional reasoning assessment.	Scores 10%+ on the equations assessment.	Scores 10%+ on the formulae & graphs assessment.

Brockington Mathematic Department Year 9

Y9	Percentages	Probability	Sequences	Analysing Data	Inequalities	Circle Measure	Algebra and Straight Lines	Transformations	Scale and Similarity
BC9	Scores 90%+ on the percentages assessment.	Scores 90%+ on the probability assessment.	Scores 90%+ on the sequences assessment.	Scores 90%+ on the analysing data assessment.	Scores 90%+ on the inequalities assessment.	Scores 90%+ on the circle measure assessment.	Scores 90%+ on the algebra and straight lines assessment.	Scores 90%+ on the transformations assessment.	Scores 90%+ on the scale and similarity assessment.
BC8	Scores 80%+ on the percentages assessment.	Scores 80%+ on the probability assessment.	Scores 80%+ on the sequences assessment.	Scores 80%+ on the analysing data assessment.	Scores 80%+ on the inequalities assessment.	Scores 80%+ on the circle measure assessment.	Scores 80%+ on the algebra and straight lines assessment.	Scores 80%+ on the transformations assessment.	Scores 80%+ on the scale and similarity assessment.
BC7	Scores 70%+ on the percentages assessment.	Scores 70%+ on the probability assessment.	Scores 70%+ on the sequences assessment.	Scores 70%+ on the analysing data assessment.	Scores 70%+ on the inequalities assessment.	Scores 70%+ on the circle measure assessment.	Scores 70%+ on the algebra and straight lines assessment.	Scores 70%+ on the transformations assessment.	Scores 70%+ on the scale and similarity assessment.
BC6	Scores 60%+ on the percentages assessment.	Scores 60%+ on the probability assessment.	Scores 60%+ on the sequences assessment.	Scores 60%+ on the analysing data assessment.	Scores 60%+ on the inequalities assessment.	Scores 60%+ on the circle measure assessment.	Scores 60%+ on the algebra and straight lines assessment.	Scores 60%+ on the transformations assessment.	Scores 60%+ on the scale and similarity assessment.
BC5	Scores 50%+ on the percentages assessment.	Scores 50%+ on the probability assessment.	Scores 50%+ on the sequences assessment.	Scores 50%+ on the analysing data assessment.	Scores 50%+ on the inequalities assessment.	Scores 50%+ on the circle measure assessment.	Scores 50%+ on the algebra and straight lines assessment.	Scores 50%+ on the transformations assessment.	Scores 50%+ on the scale and similarity assessment.
BC4	Scores 40%+ on the percentages assessment.	Scores 40%+ on the probability assessment.	Scores 40%+ on the sequences assessment.	Scores 40%+ on the analysing data assessment.	Scores 40%+ on the inequalities assessment.	Scores 40%+ on the circle measure assessment.	Scores 40%+ on the algebra and straight lines assessment.	Scores 40%+ on the transformations assessment.	Scores 40%+ on the scale and similarity assessment.
BC3	Scores 30%+ on the percentages assessment.	Scores 30%+ on the probability assessment.	Scores 30%+ on the sequences assessment.	Scores 30%+ on the analysing data assessment.	Scores 30%+ on the inequalities assessment.	Scores 30%+ on the circle measure assessment.	Scores 30%+ on the algebra and straight lines assessment.	Scores 30%+ on the transformations assessment.	Scores 30%+ on the scale and similarity assessment.
BC2	Scores 20%+ on the percentages assessment.	Scores 20%+ on the probability assessment.	Scores 20%+ on the sequences assessment.	Scores 20%+ on the analysing data assessment.	Scores 20%+ on the inequalities assessment.	Scores 20%+ on the circle measure assessment.	Scores 20%+ on the algebra and straight lines assessment.	Scores 20%+ on the transformations assessment.	Scores 20%+ on the scale and similarity assessment.

BC1	Scores 10%+ on the percentages assessment.	Scores 10%+ on the probability assessment.	Scores 10%+ on the sequences assessment.	Scores 10%+ on the analysing data assessment.	Scores 10%+ on the inequalities assessment.	Scores 10%+ on the circle measure assessment.	Scores 10%+ on the algebra and straight lines assessment.	Scores 10%+ on the transformations assessment.	Scores 10%+ on the scale and similarity assessment.
